What an awesome tool at any level. The spinning is highly implied to be him showing off. Bad enough that we're gonna lose our limbs and heads by the hooves of our enemies. Whatever you say, she is the wrong species anyway! Just as friends. Used in Wonder Boy in Monster World with all spear weapons to make up for the lack of a shield, funny thing is that you can actually do Collision Damage to the enemy if they touch the spinning spear. Or whiskey? Cracking an egg. Another great, unbiased review Paul!
