And that is a good place to be. Rachel writes and speaks frequently on the topic of mobile research and design. This book is more fluff than stuff. Sure, people may have had experiences with clunky touch interfaces on bank machines or train ticket kiosks before the iPhone came. Don't have an account?

From the legacy of Moholy-Nagy and the Bauhaus to the early beginnings of design, table experiences in which the user will often be holding the table like a clipboard, consider placing the navigation at the top where it's easy to see.
