I'm looking for a book about a young woman dealing with addiction in Berkeley, she's living with a boyfriend, then she moves to southern california to help with her father dying from cancer and her mom seems not to care, there she meets another addict and they live on the beach. I think they even dated for a while then broke up and stayed as friends. ShewrotehimlettersIthink?HastheBigBadWolfgobbledherup,ordidhefollow
A young girl shows up with no memory and the heroine protects. Anyone know what this saga is called??
