As Couch – presumably with experience himself – states the bonds forged among men who risk for their lives for each other is often incredibly strong. In Gates of Fire author and former U. The E-mail message field is required. Please enter your. Tactical ethics augment these legal constraints. Even if cloaked with the moral authority of national service, the taking of human life is serious business. They are warriors trained in the full range of military skills, as well as teachers who can train locals to defend their communities and lead them in battle.
