After many months, I learn the terrible, dark backstory that throws some light on his determination, and which he discusses candidly. This is evidenced by a number of global players in FMCG, consumer electronics and e-commerce, increasing their investment in solutions to better predict and model consumer trends – as well as measuring their marketing and sales performance within their fast-paced environment. Beyond the emphasis on mechanisation and optical trickery, The Time Machine and the Back to the Future trilogy also share a tendency to dramatize cultural anxieties and social critiques that were prevalent during their respective decades.
